40-SOMETHING SINGLES **Sorellina**

Stroll into Sorellina when you've outgrown the need for pub food, a huge TV and a hyper-hormonal ambience. Nestled between the Boston

Public Library and Copley Place, the bar at Jamie Mammano's upscale Italian restaurant is a haven for grown-ups who haven't settled down and won't settle for less than the very best... in cocktails, anyway. Bar manager Taira Sloane makes a superb martini, best enjoyed with the truffled fries.
